

Dear Prime Minister,

I am sending you this postcard to bring to your attention the fact that over 3 million Canadian children have been killed by abortion since 1969. It is red to represent the blood of those children whose lives have been ended and who are now unable to share or contribute to our world.

The Canadian Charter of Rights and Freedoms states: *“Everyone has the right to life, liberty, and security of the person and the right not to be deprived thereof...”* The current legal status of the *child in the womb* is based on antiquated law. Despite technological and scientific advances, it is incredible that the *child in the womb* is denied the status of human being and therefore, personhood. I call on you as Prime Minister to protect the *child in the womb* by establishing inclusive personhood legislation.

Sincerely,
